Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented included:

Teacher Capacity:

- ✔ Utilised coaches to model effective instruction, support instructional strategy development, observe implementation and provide feedback to teachers about their teaching instruction in literacy and numeracy
- ✔ Designated time set aside in Professional Learning Communities to reflect on student performance data sets and design instructional interventions based on this data

Student Performance:

- ✔ Individualised monitoring of senior student performance to ensure QCE attainment
- ✔ Review and enhancement of Numeracy and Literacy warm-up activities to activate thinking and develop student disposition towards and understanding of key concepts
- ✔ Targeted teacher aide support to work with students to bring them up to National Minimum standards

Key Outcomes in 2015:
