### Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

#### *Teacher Capacity:*

- ✔ Utilised coaches to model effective instruction, support instructional strategy development, observe implementation and provide feedback to teachers about their teaching instruction in literacy and numeracy
- ✔ Designated time set aside in Professional Learning Communities to reflect on student performance data sets and design instructional interventions based on this data

#### *Student Performance:*

- ✔ Implementation of Numeracy and Literacy warm-up activities to activate thinking and develop student disposition towards and understanding of key concepts.
- ✔ Targeted teacher aide support to work with students to bring them up to National Minimum standards

#### Key Outcomes in 2014:

- ✔ 98.0% of students were at or above the National Minimum Standards in Numeracy which places the school statistically above the Nation
- ✔ 89.9% of students were at or above the National Minimum Standards in Reading which places the school statistically similar to the Nation
